Phenomenal director Karen Everett (*I Shall Not Be Removed: The Life of Marlon Riggs; My Femme Divine, Sweet Boy*), gives us a no-holds-barred look at her sexually charged love life by revealing every juicy detail.

While examining the human ability to redefine ourselves and reshape what we think "love" means, Everett masterfully weaves images of lesbians making their way through present-day sex clubs and attending masturbation seminars while at the same time, blending her own personal trials with intimate, raw and emotional moments of sexual pleasure and heart-wrenching loneliness. Drawing on her own experiences and that of her circle of lesbian, bisexual, and polyamorous

friends and lovers, Everett has created a film of amazing depth and sincerity which is sure to captivate and entertain all curious audiences.

Featuring Jackie Strano and Shar Rednour of S.I.R. Video Productions and Phyllis Christopher, one of North America's leading photographers of lesbian erotica.

Special dvd features include scene selections, bonus clips including an extra scene from the "Ethical Slut" seminar, scenes from *Sweet Boy* and *My Femme Divine*, English subtitles, and a letter from Karen Everett.
